LONG BRANCH, N. Secretaries Windom, Hunt and James were present. Secretary Windom's remarks on civil service were loudly applauded. Secretary Hunt responded to the toast, "The Navy," and Postmaster-General James, to the "Postal Department." Choctaw and Chickasaw Indian Nations in dicate that affairs there have reached a crisis. The cavalry at Fort Sill have been or-dered to report to United States Agent Tuffes at Muscogee, June 24th, to act with the Choctaw militia, under Governor McCurtain in driving the white intruders and their stock from the Nation. All per-sons not Indians, or intermarried with Indians, are classed as intruders under the law and although many of them have permits to dwell in the Nation, it is asserted that their papers were illegally issued and they will be forced to leave. The Indian militia are in camp near Scullyville 300 strong, and will join the United States troops at Fort McAllister. The greatest terror and distress exists. More than 300 families are said to have crossed the border in the past ten days, having abandoned their cabins to the flames, their growing crops to destruc-tion, and their stock on the range. Some of the whites refuse to leave, claiming that they hold genuine permits, and will protect themselves if force is used to seet them. Several Texas stock men who of Patriotic Sons of America adjourned to-day, after mixing a bottle of water of the department, made four years ago, allowing persons with permits to reside in the Nation sithout becoming members or citizens of any Nation.

It is known that while he has been counted Stalwart, he early disapproved of the action of the Senators when they resigned, and has also expressed himself as opposed to their coming here to work in their canvass. He is in fact the candidate of the Half-Stalwarts. Whether he will command votes enough in the two weeks yet remaining of the contest
